Komal

Backend & Full-Stack Developer

komaljangid0909@gmail.com

SUMMARY

Student at JK Lakshmipat University and early-stage developer with hands-on experience across full-stack and blockchain work. Currently completing a Practice School-I internship at Saffron Synaptiq as a backend developer on the LinkedCRM project.

EXPERIENCE

Backend Developer Intern (Practice School-I)
Saffron Synaptiq

- Backend developer on LinkedCRM, a CRM platform for LinkedIn marketing campaigns and lead generation.
- Built with React.js, Node.js/Express and PostgreSQL (Neon).
- Generated Swagger/OpenAPI documentation for the backend API routes.
- Worked in a shared Git workflow, resolving merge conflicts and environment configuration issues.

EDUCATION

Undergraduate Student
JK Lakshmipat University
